Dear Ms. Melancon,

On behalf of BroadAxis, Inc., I am pleased to submit our proposal in response to **25/0007 - RFP - Information Technology Consulting Services for Harris County Universal Services**. BroadAxis is a Texas-based, HUB/MBE-certified IT consulting and professional services firm with proven experience supporting public sector agencies across Artificial Intelligence, Cybersecurity, Software development, Data management, Network services, and Microsoft environments. Our delivery model is compliance-forward and aligned to Harris County's cybersecurity and IT controls, with a strong track record delivering measurable, outcomes-driven projects for state and local agencies.

This proposal highlights our core capabilities aligned to the County's service categories: Artificial Intelligence (AI) (BT-26AL), Business Intelligence (BT-25EO), Cybersecurity (BT-28CJ), Application and Software Development (BT-68AM), Data Management (BT-14AG), Network (BT-13BL), and Microsoft Environment (BT-45EK). Our team includes certified SMEs in Azure, Microsoft 365/Intune, Sentinel/SIEM, data engineering and BI (Power BI/Tableau), and secure application delivery using DevSecOps practices. We are experienced with CJIS considerations, TX-RAMP-aligned controls, incident response readiness, and zero-trust principles when County network access is in scope.

Key Company Information:

Company name	BroadAxis, Inc.
Company Address	101 E Park Blvd, Suite 905, Plano, TX 75074
Proposal POC Name	Masood Hassan
Proposal POC Email	masood@broadaxis.com

Authorized POC Email	tariq@broadaxis.com
Authorized POC Phone	(469) 688-2272

Certifications and designations: HUB Certified – State of Texas; DIR-CPO-5603 Vendor – ITSAC Staffing & Services; GSA Schedule Holder

Project Understanding:

1. BroadAxis understands that Harris County intends to award multiple Master Service Agreements (MSA) to create a qualified pool of vendors capable of delivering as-needed IT consulting services across the specified service categories, with project-specific scopes and pricing competed through secondary invite-only mini-RFQs.
2. We recognize the County's priorities: adherence to County cybersecurity/IT controls when network access is in scope, CJIS awareness where applicable, clear deliverables tied to acceptance and invoicing, and responsive staffing with proven qualifications.
3. BroadAxis brings deep experience delivering secure, compliant, and outcome-driven solutions in Artificial Intelligence (BT-26AL), Business Intelligence (BT-25EO), Cybersecurity (BT-28CJ), Application and Software Development (BT-68AM), Data Management (BT-14AG), Network (BT-13BL), and Microsoft Environment (BT-45EK).
4. Our team includes Azure, Microsoft 365/Intune, Sentinel/SIEM, data engineering/Power BI/Tableau, and DevSecOps-certified professionals.
5. As a Texas-based HUB/MBE firm with references across Texas state and local entities, we are positioned to provide rapid, high-quality support, align to the County's controls, and deliver measurable results.

BroadAxis will abide by all terms and conditions in the solicitation and takes no exceptions.

For clarifications or additional information, please contact me. We appreciate the opportunity to support Harris County and stand ready to provide any further details, references, or demonstrations.

Yours sincerely,

Masood Hassan
